COMPTROLLER MYCHAJLIW STATEMENT ON NEW BILLS/SABRES VACCINATION POLICY

“The Bills and Sabres must offer full refunds to fans that bought individual or season tickets that believe natural antibodies are stronger than the COVID vaccine. This Poloncarz promoted policy is about power and control, not your health. Some fans will be justifiably furious. While power hungry politicians want to control who goes to a Bills or Sabres game, I’m more concerned with hospitals and health care systems losing dedicated professionals that are not vaccinated. How about we address this health care crisis first, rather than dictate who can and cannot watch a sporting event.”
